Summary of Qualifications

Eighteen years of experience working with leading-edge information technology in high-pressure, task-oriented environments, including supervising technical staff. Very knowledgeable about all major desktop and network operating systems, including Windows 95/98/ME, NT/2000/XP/Vista, NT/2000/2003 Server, Mac OS 9/X, and Linux. Strong understanding of open and proprietary standards and protocols including TCP/IP, IPX, AppleTalk, NFS, SMB, NCP, AFP, DNS, SMTP, Exchange, FTP, POP, IMAP, HTTP, X-Windows, PPP, PPTP, etc. Excellent hardware skills including Ethernet, switched and routed network architectures, PC component replacement/repair, PC assembly/integration, and network cabling and installation.

Stand-up comedy seemed like the next logical step.
